Uncle Billy Rowe says after swearing continuously for fifteen years he has finally demonstrated to a lot of them that an apple tree needs care and attention the same as a cow, and that when it gets it, it returns the favor by a large crop. Apples are a good crop in that valley and will be better as the years roll by."

It is Dangerous to Neglect a Cold.

How often do we hear it remarked: "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency of a cold to result in pneumonia, and has gained its great popularity and extensive sale by its prompt cures of this most common ailment. It always cures and is pleasant to take. For sale by Riter Bros Drug Store.
